

# ROMEO AND JULIET

## ACT 2, SCENE 2 IN "TEXT MESSAGE" LANGUAGE

Objective: your goal is to work collaboratively with a partner to translate Act 2, Scene 2 (the Balcony Scene) into a text message conversation between Romeo and Juliet. In other words, pretend as though this whole scene is a text message conversation – not Juliet on a balcony and Romeo talking to her in person. You should use text message language and words that you would use today – NOT Shakespeare's words! Imagine as though you were having this conversation with someone today. ☺

WRITE YOUR TEXT MESSAGE CONVERSATION IN THE SPACE PROVIDED BELOW (IF YOU NEED MORE SPACE, YOU CAN CONTINUE ON THE BACK!):

A black-outlined smartphone frame containing seven empty speech bubbles for text messages, arranged vertically. A small circle with a dot inside is at the bottom center, representing a home button.
