

S.S. Vocabulary Choices

- Choose **one** of the options below to complete your vocabulary work
- Please remember to **highlight** each vocabulary word before turning in your work.
- Please use your **textbook** (not a dictionary or the internet) to find the definition to ensure you are choosing the correct definition for the context.
- Please **use your own words** for the definitions.

Example

1. **MATCHING:** Create a matching section by listing the vocabulary words on the left and the answer choices on the right. Number the words and use letters for the definitions. Longitude a. lines that go around the earth horizontally and measure distance from the equator.
 2. Latitude b. lines that go up and down along the earth and measure east and west.
6. **SENTENCE AND ILLUSTRATION:** Use the word in a sentence and draw a sketch displaying the meaning of the word. You may draw it or print it from the internet. Make sure your sentence explains **WHY the word is significant**.
7. **FILL IN THE BLANK:** Create a fill in the blank worksheet using the assigned vocabulary words. Be sure to fill in the blanks with the correct word!
Example: _____ are mapmakers who turn information on globes into maps.
8. **CROSSWORD PUZZLE:** Create a crossword puzzle with the vocabulary words. Include clues - some down and some across - for each word. Be sure to fill in your crossword puzzle!
9. **SHORT STORY:** Create a short story using the vocabulary words. Must be a minimum of one paragraph (no maximum) and flow in a logical order.
